Sports Cloth interior, We are very pleased to be able to offer this very rare and sought after R26R.

Finished in Glacier White. This car comes complete with the all important FACTORY OPTION ROLL CAGE AND TITANIUM EXHAUST PLUS OPTIONAL CLIMATE CONTROL AND POWER FOLD MIRRORS, gloss black alloy wheels and graphics pack. Being an R26.R it also features Sabelt bucket seats and harnesses, a full carbon bonnet, perspex rear windows, reduced sound deadening, half roll cage, short shift gear change, suede/leather steering wheel and revised suspension settings to allow for the 100+kg weight saving over the standard R26.

The car is very original and standard - Just Serviced with OEM Elf OIL and Front Discs replaced with Brand New OEM Renault Parts.

Period Alpine Head Unit with Bluetooth (original blanking plate included).

Renault Boot Liner.

Renaultsport Mats.

Full Service history with Renault and Specialists such as K-Tech Racing - large £2k plus service done at 20,730m to include Cambelt, Water Pump Aux belt and all oils and fluids.

Annual Service and MOT just done by us using OEM Renault Parts.

Nearly new Toyo Proxes T1R Tyres All Round.

Factory Panels with Perfect Shut Lines and Paint - hardly a stone chip and Immaculate carbon fibre with no milking unlike many of the thrashed and tracked examples.

Original Dealer Plates front and rear.

Interior and Wheels Immaculate.

Car was owned for the last 7 years by an enthusiast who garaged and detailed the car more than he drove it - including regular cleaning underneath. No wet or winter use.

All keys, original books and build sheet included, HPI Clear.

Must be one of the best remaining examples - no 20/230 examples, values are rising now - will be a sure enjoyable modern classic.
