Crema Leather interior, IF YOU ARE LOOKING FOR A NO QUESTIONS CAR THAT TICKS ALL THE BOXES THEN LOOK NO FURTHER.

We looked high and low and rejected many cars before stumbling across this example.

There are so many cars out there with huge gaps in the history/poor provenance/poor paint/poor interiors etc etc.

This car has been enjoyed LIGHTLY BUT REGULARLY SINCE NEW, therefore it presents and drives properly - in fact the last fastidious Doctor owner acquired it in 2007 having rejected 10 other examples. It has enjoyed recent trouble free trips to Le Mans and Goodwood amongst others.

This more sought after pre ABS model (prettier wheels and lighter) was supplied new by Lancaster Ferrari of Colchester 1.1.88.

It has benefited from regular servicing since then by Ferrari Main Dealers and Respected Specialists - Lancaster, Rardley Motors, The Ferrari Centre and Dave Walton Specialist Cars of Durham who completed a Belts Service 7.6.16 at 35980m and an Annual Service at 38,080m 5.9.17.

The service history folder is fabulous with virtually every bill and MOT since new.

It was delivered as a standard car with Colour Coded Roof Spoiler.

It remains factory original with the only changes being a Spacer on the Steering Wheel (can be put back if required), Upgraded Alpine Stereo and Braided Metal Brake Hoses to improve feel, plus a beautiful stainless steel exhaust.

Immaculate inside and out she is complete with Factory Tool Roll, Jack, Torch, Leather Wallet containing the Original Service Book and Book Pack, Spare Keys and a period immobiliser. The carpets are pristine having been protected by fitted over carpets. The shut lines are perfect and the paint has a deep shine. She has rarely seen the rain, usually garaged and the underneath is extremely clean and well preserved.

Please see complete history listed on photograph.

Certainly one of the finest examples available today and priced well in todays market.

She turns heads and attracts positive attention wherever she goes - a true icon.

HPI Clear and ready for her next adventure.
